Yegor Brusnyak

AI Engineer

brusnyakyegor@gmail.com · github.com/brusnyak · linkedin.com/in/yegor-brusnyak · Bratislava, Slovakia · Remote-first · Available immediately

SUMMARY

Applied AI engineer. I design and ship voice agents, LLM-powered tools, and automation end to end — 4 systems built and deployed, from concept to working software. B.Sc. in Computer Science, expected 2027.

SKILLS

AI & Voice	LLM APIs and orchestration, RAG and embeddings, prompt design, voice and speech pipelines, agent workflows
Languages & Back End	Python, TypeScript, Node.js, SQL · FastAPI, PostgreSQL, Supabase, WebSockets
Front End	React, Next.js, JavaScript, Tailwind CSS
Infrastructure	Docker, Linux, GitHub Actions, Vercel, Stripe

PROJECTS

Recareo — AI voice-recall system github.com/brusnyak · recareo.uk

- Voice agent that rebooks lapsed dental patients automatically; patient enrichment, conversion-focused site, Stripe billing. Shipped end to end.

AI Recruitment Copilot — candidate–job matching github.com/brusnyak/ai-recruitment-copilot

- CV/JD parsing, pgvector semantic retrieval, LLM fit scoring, and an automated eval harness (12 labeled pairs, regression tracking). Shipped end to end.

AgentOps Control Room — AI outbound workflows github.com/brusnyak/agentops-control-room

- Configurable multi-channel workflow engine with run versioning, regression checks, and observability. Shipped end to end.

Real-Time Speech Translation — bachelor thesis github.com/brusnyak/bp

- Live speech translation with voice cloning for online conferences; local STT/translation/TTS over streaming audio. In progress.

EXPERIENCE

Independent AI Engineer & Product Builder 2025 – Present · Remote

- Design and ship AI systems end to end — voice agents, document parsing, lead enrichment, outbound workflow tooling.
- Stack: FastAPI, React/Next.js, LLM APIs, PostgreSQL, Stripe.

EDUCATION

Slovak University of Technology (FEI STU), Bratislava Expected 2027

B.Sc., Information & Communication Technologies — Computer Science. Thesis: Real-Time Speech Translation During Online Conferences.
